dont let people tell you how to...

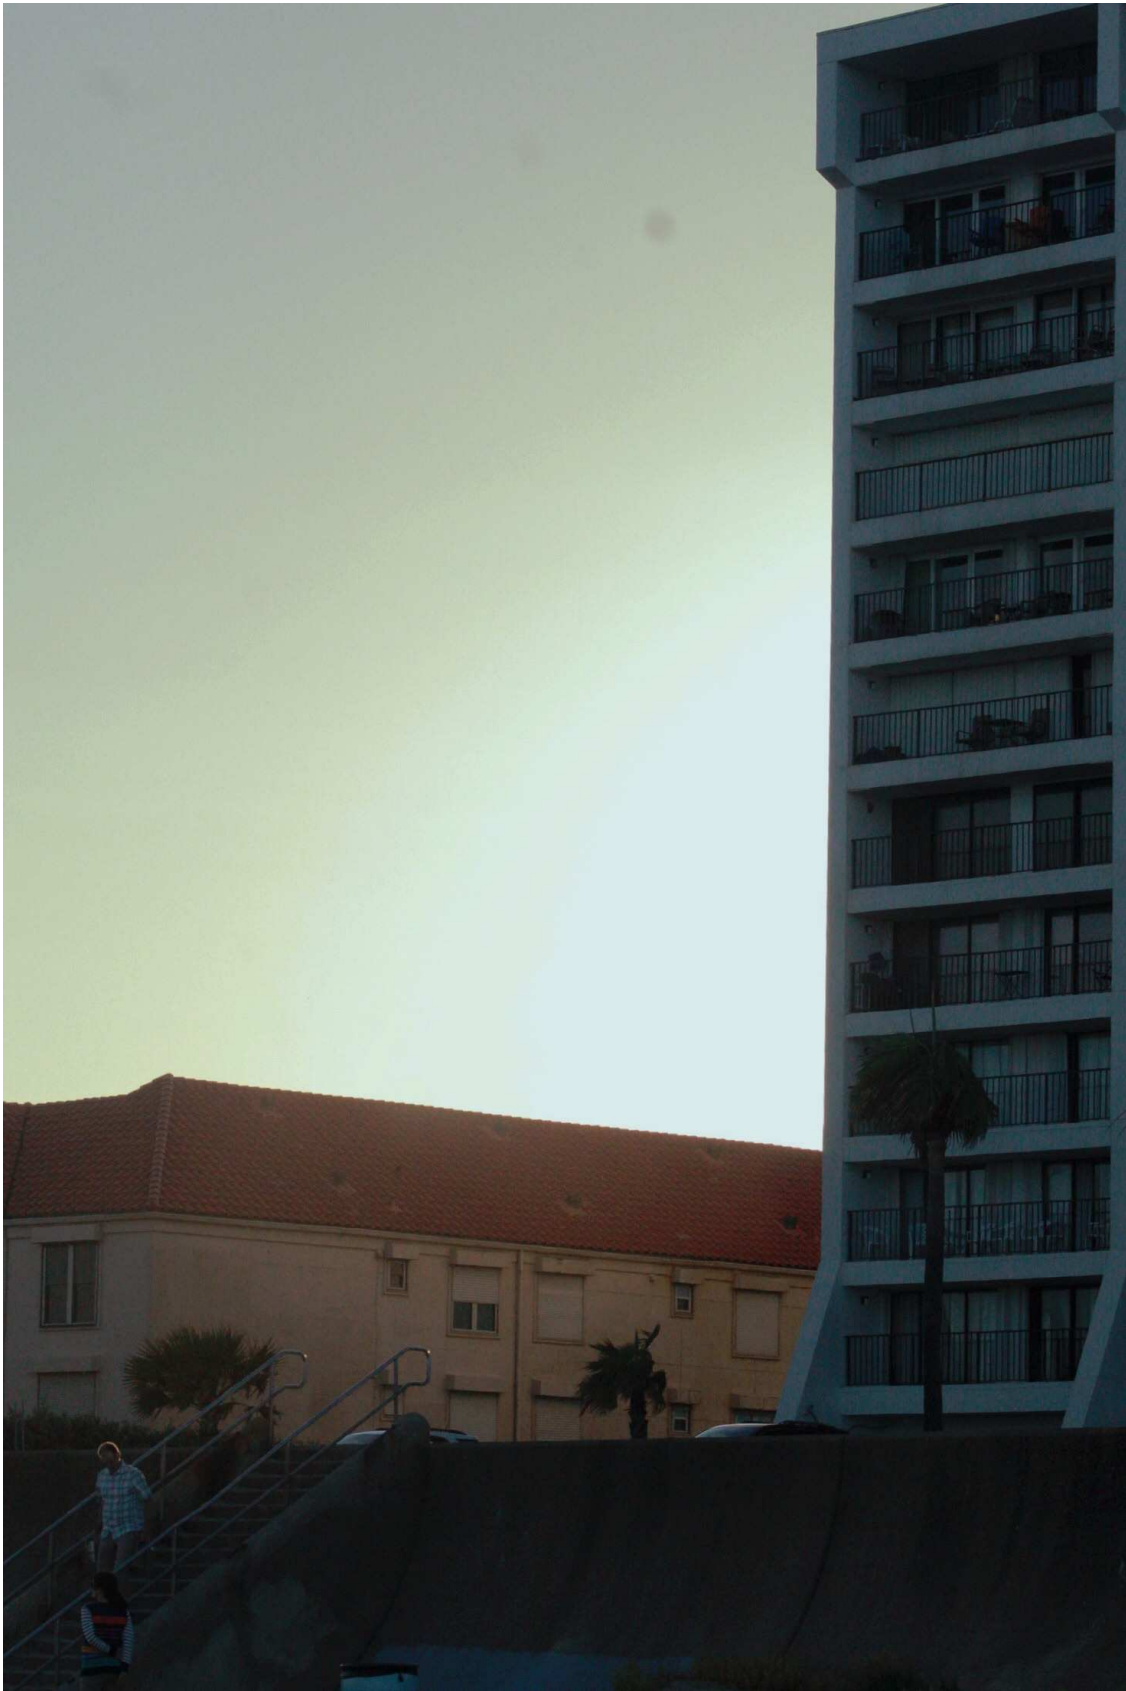

**sometimes you gotta lose yourself just to
find out who you really are**

take it one step at a time.

when the noise in the city and in your mind is too much...

...go find peace in the quiet.

you can either chase your dreams, or let

your regrets chase *you*

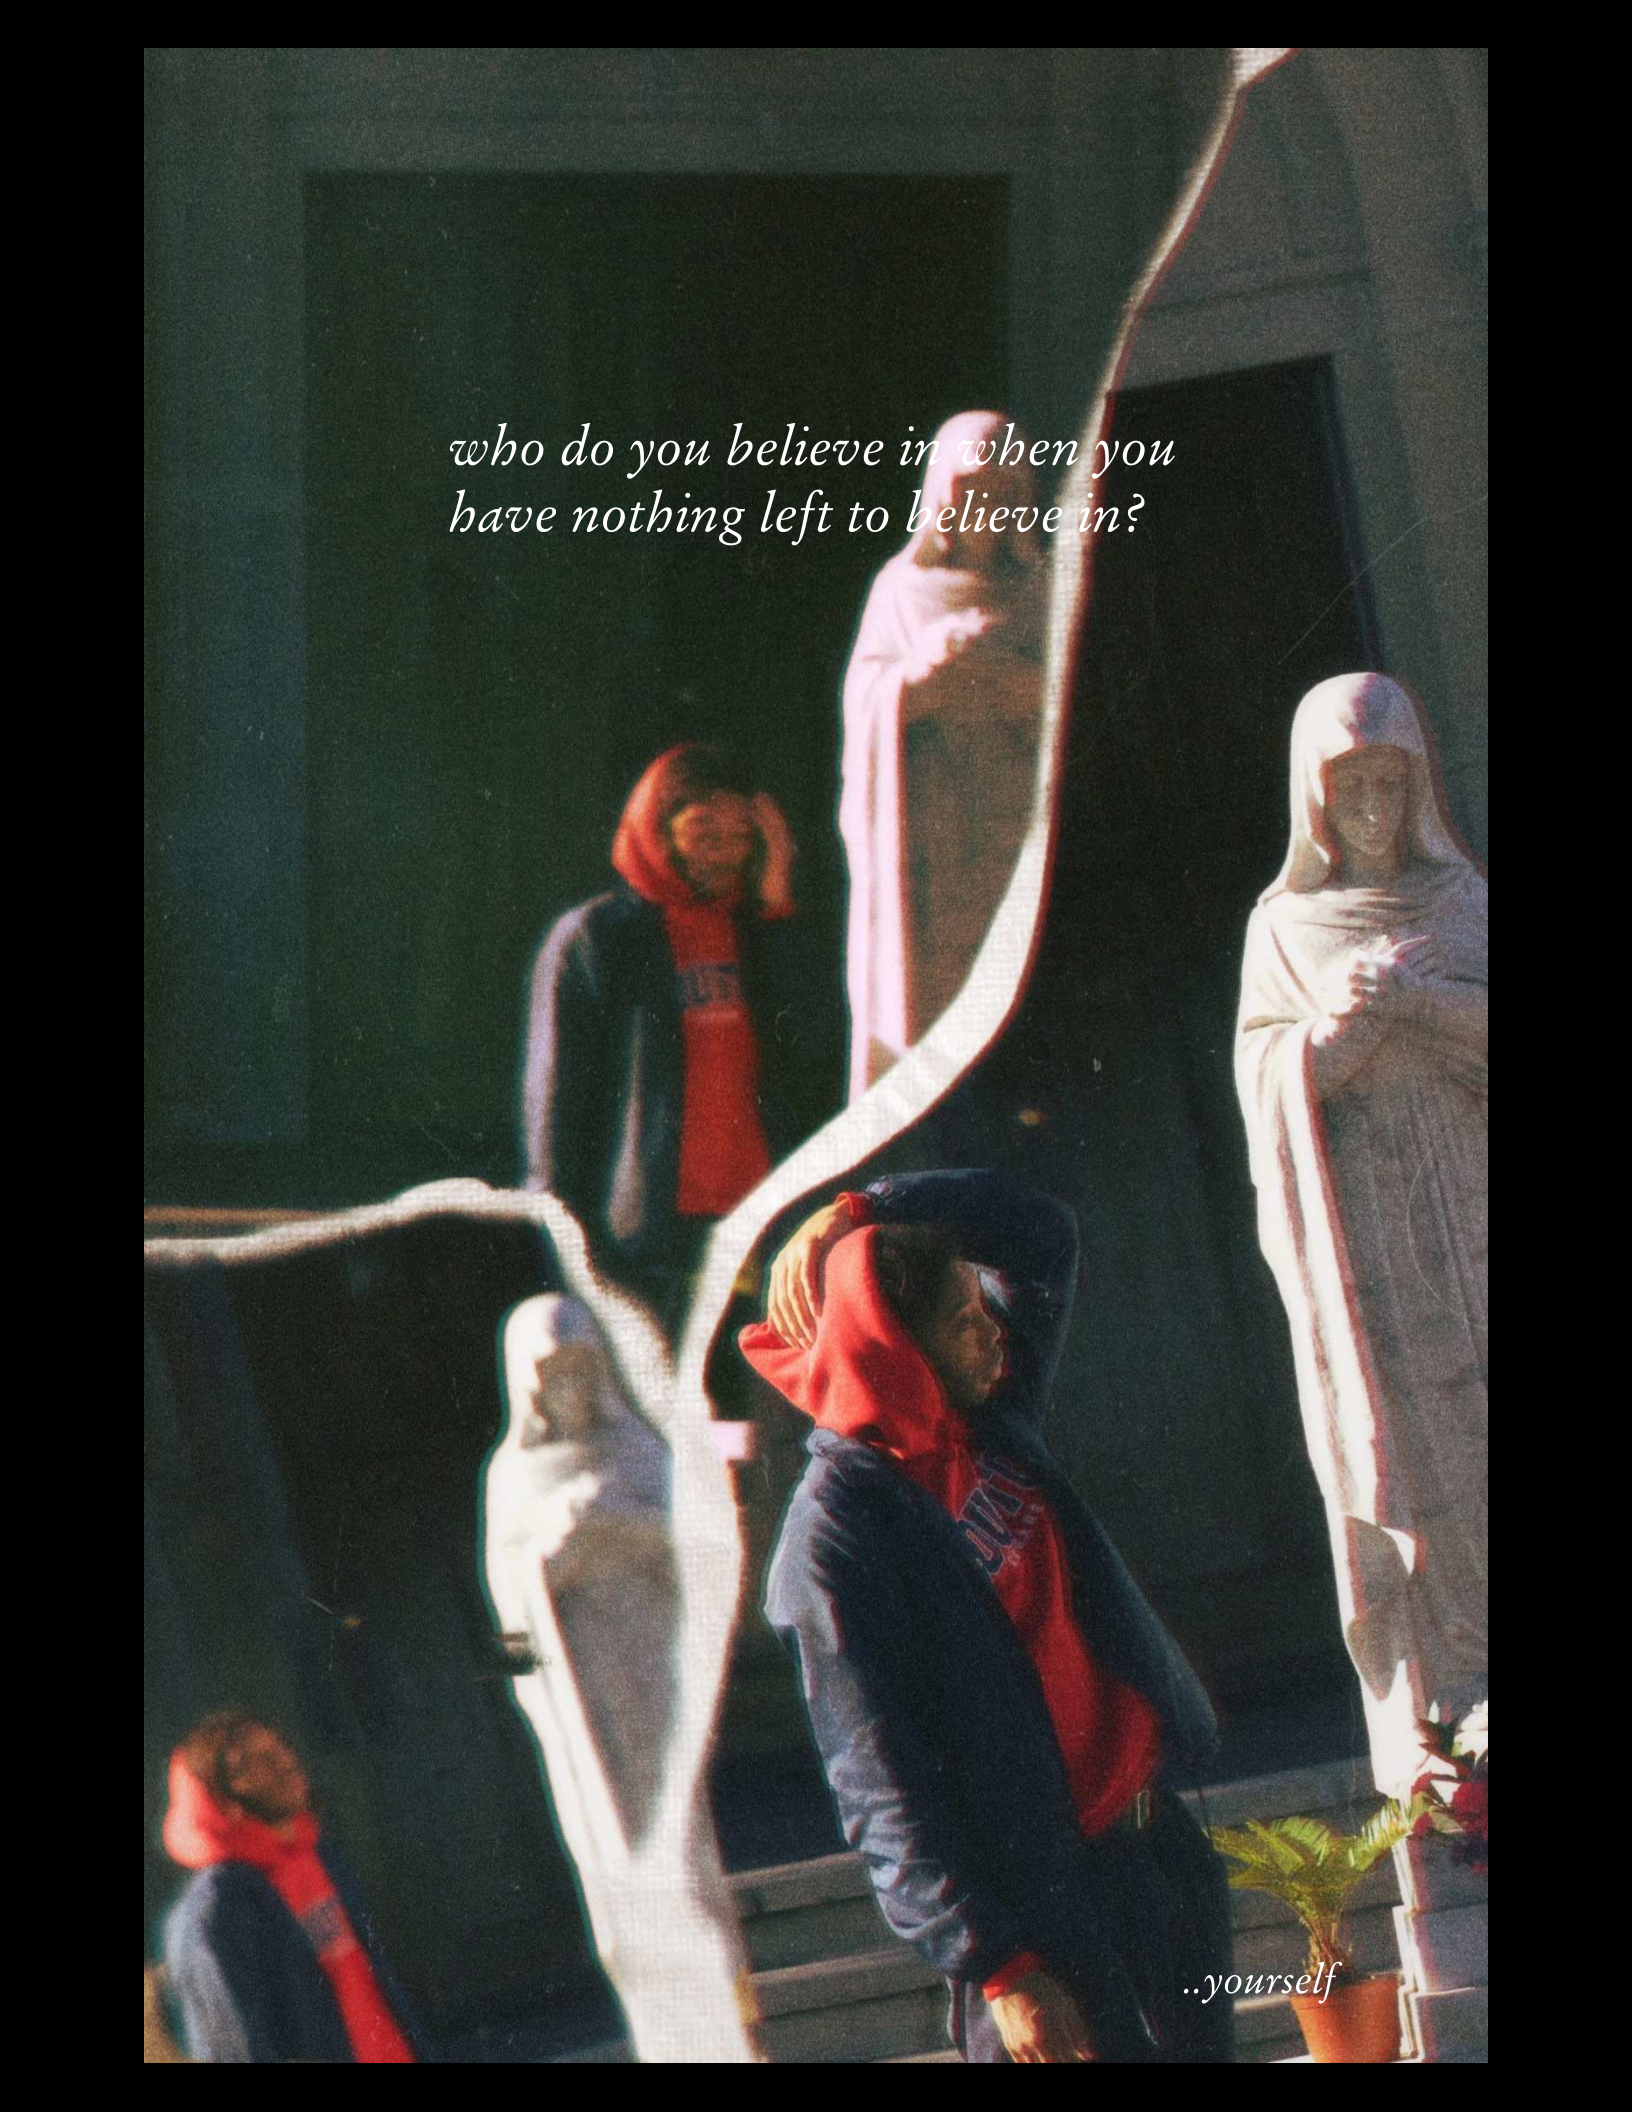

A photograph of a group of people in a dark, possibly indoor setting. Several individuals are wearing white, full-body robes with hoods, resembling a religious or theatrical performance. In the foreground, a person in a blue hoodie with a red interior is looking upwards with their hands near their head. Other people in similar attire are visible in the background. The lighting is dramatic, with strong highlights and deep shadows.

*who do you believe in when you
have nothing left to believe in?*

..yourself

*when we should really be told there are **no**
limits!*
